Munich

Giesecke+Devrient

Munich, May 22, 2018 — At this year's Money20/20 Europe event (<https://europe.money2020.com/>), G+D Mobile Security will showcase its fully digitalized banking customer journey, including solutions such as compliant digital customer onboarding and customer banking authentication with secure biometrics.

The three-day event will take place on 4th to 6th June 2018, at the RAI in Amsterdam, The Netherlands and is the leading industry forum to discuss the latest trends, ideas and solutions in payments, FinTech and financial services. G+D Mobile Security will showcase and demonstrate its innovative financial and payment solutions at its booth F100.

In addition to the presentation at the booth, G+D Mobile Security's CEO Carsten Ahrens will participate in the panel discussion "Cyber security in the trenches and across borders" that will address topics like "What does best practice and innovation look like in intelligence sharing?" or "How can multiple stakeholders work together and embrace the tools, technologies and methodologies to stay ahead of the bad guys?".

G+D Mobile Security has unparalleled experience in the financial solutions industry, and offers a full range of payment options across all channels such as online, offline, physical and virtual. Payment credentials can be dynamically delivered to mobile devices or other form factors of choice through G+D's central and distributed issuance platforms. At Money20/20 Europe, G+D Mobile Security will focus on presenting the new release of its secure remote identification solution "Convego me" for digital customer onboarding, its Convego Hub and Cloudpay solutions for digital payment and a superior mobile wallet experience and its Mobile Authentication solution featuring FIDO and biometric authentication addressing PSD2 requirements.

G+D Mobile Security manages identities – whether physical or virtual – by delivering best-in-class Secure Elements and remote credential lifecycle management, HCE (Host Card Emulation), digital wallets, tokenization and TSM (Trusted Service Manager) services.

About G+D Mobile Security

G+D Mobile Security is a global mobile security technology company headquartered in Munich, Germany. The company is part of the Giesecke+Devrient group. G+D Mobile Security has a workforce of 5,700 employees and generated sales of approximately EUR 812 m in the 2017 fiscal year.
