

CT Business Portal Introduction

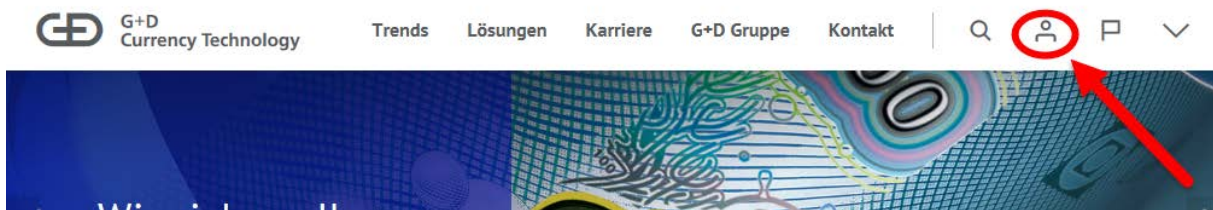

Dear Customer,

From now onwards,
you can reach G+D Currency Technology on a new channel
very convenient and much faster:

The newly developed CT Business Portal.

→ Open a web browser and enter <https://www.gi-de.com/currency-technology>

→ Select the login symbol at the top right of the screen.

The Business Portal is designed as a single entry point for many new services for you.
In the first step the portal includes:

- | | |
|--------------------|--|
| a) Web Shop | To order spare parts with real time availability information |
| b) Asset Manager | As a cloud service to visualize the most relevant BPS information in form of a dashboard, and establish remote connection to manage G+D products |
| c) Parts Catalogue | To view explosive diagrams and up-to-date information on spare parts |

In future we plan to extend the functionalities of our current offerings and also bring new exciting services in the Business Portal to enhance the manageability of your products.

In order to get more detailed information about the offered services and cooperation models, and to request access to the Business Portal, please contact your G+D sales partner.

To get access to the new portal you only need to provide the following information:

- First name
- Last name
- Email address
- Desired applications and roles¹

Once your account is created, you shall be provided with login credentials and a user guide to access the Business Portal.

Please notice that users of the Business Portal need to personalize the 2nd-factor authentication using one of several authentication methods:

- SMS
- phone call
- authentication app available on your device app store

This will ensure the highest level of security for all of us.

¹ More information on applications and roles shall be provided by your G+D sales partner.
