

Privacy Statement

The **Penny’s Money** Smartphone application (“Banknote Apps”) is provided to you by Giesecke+Devrient Currency Technology GmbH, Prinzregentenstr. 159, 81677 Munich, Germany (“G+D Currency Technology”, “we” or “us”). We are committed to protecting your privacy and securing the personal information made available to us when you use our Banknote Apps.

This Privacy Statement fully incorporates the Giesecke+Devrient Currency Technology GmbH transparency information which can be found and downloaded here:
https://www.gi-de.com/fileadmin/user_upload/Group/Company/Downloaddokumente/Transparenzinfo_gi-de_-_EN_2018-11-23.pdf

1. 1. Information collected by ARCore

We use ARCore in our Banknote Apps for implementing the Augmented Reality (“AR”) functionality. The ARCore requires access to the camera of your device. The ARCore does not collect personal data as part of its functionality with the Banknote Apps. The AR functionality runs on **ARCore**, which is provided by Google LLC and governed by the [Google Privacy Policy](#).

2. 2. Information collected by Crashlytics and Fabric

We collect personal data when you use our Banknote Apps. Personal data means any information relating to an identified or identifiable natural person, such as personalized identifiers of your device.

2.1 In our Banknote Apps we use Crashlytics and Fabric to collect crash reports and usage of the app. Both programs collect information about the devices, date and time. For this purpose we also collect the Installation UUID (Universal Unique Identifier). For Crashlytics and Fabric please view the [Google Privacy Policy](#).

2.2 The legal basis for using Crashlytics and Fabric is Art. 6 (1) (b) GDPR. By installing the Banknote App you have entered into a contract with us, under which we are obligated to provide a functioning Banknote App. The information sent in the crash reports are critical for us to fix and provide the functions we are obligated to provide under the contract with you.
